

LC7001 – WHOLE HOUSE LIGHTING CONTROLLER

Set a schedule for superior lighting, while enjoying the convenience of app-based management for the entire home, with The Hub LC7001 Whole House Lighting Controller!

Compatible with Legrand's RF Lighting Control devices, the LC7001 connects by Ethernet to a home's network to enable easy management and automation of a home's lights, all through the intuitive and aesthetic Legrand Lighting Control app for iOS mobile devices. Using a real-time clock with location-based settings, users can program lighting scenes for specific times – such as lights on at sunset, or lights out at dawn – as well as manage individual or groups of lights with a simple press of a finger.

FEATURES

- Enables management and automation of a home's lights through an iOS app for mobile devices
- Contains a real-time clock for scheduling specific time-of-day lighting scenes
- Controls individual lights as well as groups of lights, and executes full scenes
- Allows up to 100 scenes and 100 zones
- Powered by POE or Plug-In Power Supply
- Blends in easily with a sleek, compact design
