Lighting & Fan Controls Titan™ Series Incandescent/Magnetic Low Voltage/Fan

CD Series, CD-P Series, CDLV Series, CDLV-P Series, CDSC Series, CDDH16, CDADAPTORKIT

A complete solution for easy, economical multi-gang installations

Multiple commercial controls in a ganged box? It's easy with P&S Titan Series: Superior quality, energy-efficient lighting control with a customizable multi-gang wall plate system and a high-end voltage adjustment feature. Includes an exclusive labeling system.

This complete product line offering features a rugged, more convenient, better-looking multi-gang installation.

Features & Benefits

Included screwless wall plate components make it easy to assemble a custom multi-gang wall plate in any configuration – saving money and time.

High reliability design with built-in surge and static protection plus oversize output devices to stand up to abuse.

Higher wattage ratings and minimal or no derating for faster job planning.

Built-in label holder enables instant circuit identification; looks clean and professional.

Power-failure memory retains presets through power outages.

Preset models feature large ON/OFF button and single pole/three-way functionality.

Enclosed slider helps prevent dust and dirt contamination.

Exclusive adjustable limit control in incandescent dimmers saves energy and extends lamp life – reduces maximum output by up to 10 percent.

Air gap switch

Improved heat management enables superior load ratings.

CD703PW

Included end caps and spacers screw directly to heat sinks; center plate snaps easily on and off.

Field Uses/Vertical Markets

- Industrial ■ Health Care ■ Education ■ Institutional ■ Retail ■ Office ■ Hospitality/Lodging ■ Multiple Dwelling
